#### LAND ACKNOWLEDGMENT

The Los Angeles County Law Library and its Board of Trustees recognize that we occupy land originally and still inhabited and cared for by the Tongva, Tataviam, Serrano, Kizh, and Chumash Peoples. We honor and pay respect to their elders and descendants — past, present, and emerging — as they continue their stewardship of these lands and waters. We acknowledge that settler colonization resulted in land seizure, disease, subjugation, slavery, relocation, broken promises, genocide, and multigenerational trauma.

This acknowledgment demonstrates our responsibility and commitment to truth, healing, and reconciliation and to elevating the stories, culture, and community of the original inhabitants of Los Angeles County. We are grateful to have the opportunity to live and work on these ancestral lands. We are dedicated to growing and sustaining relationships with Native peoples and local tribal governments, including (in no particular order) the:

Fernandeno Tataviam Band of Mission Indians
Gabrielino Tongva Indians of California Tribal Council
Gabrieleno/Tongva San Gabriel Band of Mission Indians
Gabrieleño Band of Mission Indians – Kizh Nation
San Manuel Band of Mission Indians

#### 3.0 CONSENT CALENDAR

- 3.1 Approval of Minutes of the August 28, 2024 Board Meeting
- 3.2 Review of July 2024 Financials and List of August 2024 Checks and Warrants
- 3.3 Approval of Annual Report to the Los Angeles County Board of Supervisors
- E.D. Chew began the meeting by removing Item 3.1 from the Consent Calendar. Vice President Seigle also removed Item 3.3. Vice President Seigle requested a motion to approve Item 3.2. So moved by Trustee Juhas, seconded by Trustee Klein. The motion was approved unanimously 4-0.
- 3.1 E.D. Chew announced that a correction needed to be made to the minutes from the previous Board Meeting on August 28, 2024 for Item 6.0. Item 6.0 need to be amended to read: "Board reconvened in open session at 1:41pm. E.D. Chew announced that staff provided the Board with an update on recent threats to public services and facilities security and measures taken to mitigate these risks. No reportable action was taken."

President Court arrived at 12:24pm

Vice President Seigle requested a motion to approve amending Item 6.0 from the August 28 meeting. So moved by Trustee Juhas, seconded by Trustee DeWitt. The motion was approved unanimously 4-0.

3.3 Vice President Seigle commented that page 19 of Item 3.3 had a sentence that needed revising. "Stanford Law School" was missing from the document. E.D. Chew agreed to re-write the paragraph and to have President Court look it over before the document would be submitted.

Vice President Seigle also mentioned that Item 3.3 stated that filing fees have been going down, however, this seemed to contradict the financial report which stated that filing fees have increased recently. E.D. Chew agreed to change the wording of the paragraph to include these recent fluctuations in filing fees, and to have President Court look it over before the document would be submitted. With the aforementioned changes, Vice President Seigle requested a motion to approve Item 3.3. So moved by President Court, seconded by Trustee Juhas. The motion was approved unanimously 5-0.

At this point Vice President Seigle ceased presiding over the meeting, and turned things over to President Court. President Court then gave a brief President's Report which can be found above under Item 2.0.

#### 4.0 DISCUSSION ITEMS

4.1 Appointment of Directors to the Friends of the Los Angeles County Law Library Board

The Board discussed how the LA Law Library Board must nominate more than half of the Friends Board members. The Board discussed the fact that if they approve the four Friends Board members today, then the LA Law Library Board will need to nominate another. Trustees Klein and Juhas discussed how these appointments have been somewhat loose in the past. All four Friends Board members are currently on the Board already, and just need to be re-appointed. E.D. Chew mentioned that traditionally Friends Board members are chosen by the Friends in conjunction with Trustee Steinhauser. Trustees Klein and Juhas discussed the possibility of a committee to look into Friends Board Members. Trustee Juhas stated that the already existing Friends Committee may be able to look into this matter. President Court requested a motion to approve the appointment of the four Friends Board members in question. So moved by Trustee Juhas, seconded by Trustee DeWitt. The motion was approved unanimously 5 – 0.

Vice President Seigle asked the Board if we could bring Trustee Steinhauser in on finding a trustee nominated Friends Board member. E.D. Chew stated she would reach out to Trustee Steinhauser to find another Board member, and she would try to add it to the October Board Meeting agenda.

#### **MEMORANDUM**

**DATE:** October 23, 2024

**TO:** Board of Law Library Trustees

FROM: Katherine H. Chew, Executive Director

**RE:** Approval of Revised Job Description for HR Generalist and New Job Description

for Administrative Office Manager

#### Revision to Existing Job Description: HR Generalist

LA Law Library currently employs a Human Resources Generalist in house who is under the direct supervision of the Executive Director. The position is currently non-exempt (hourly) and is ineligible for Union representation.

The Library staff continues to grow, now reaching to approximately 60 individuals. This in turn has made the HR Generalist position more challenging on a daily basis, requiring attention and implementation of a variety of tasks, including but not limited to: onboarding and exit interviews; updating the employee handbook and other documentation to assure compliance with changes in the law or Union MOU; preparing offer letters; interfacing with department management and vendors concerning recruitment, retirement, benefits, and employee issues; providing counseling and employee training; administrative duties related to benefits and leave of absences, workers compensation claims, unemployment benefits, and maintenance of HR databases. The continuing growth of staff, and the challenges that come with this, has made it clear that working within the confines of an hourly schedule make it difficult to accomplish necessary tasks needed. Given this, staff recommend that the position be changed from a non-exempt (hourly) to exempt position (salary).

Changing this position from non-exempt to exempt would have little effect on the current budget in terms of compensation. Under the Fair Labor Standard Act, LA Law Library currently sets the salary for this position within the competitive range. Any recommended increases using the federal guidelines in January 2025 would involve a minimal increase to remain competitive in the job market. (Attached as Exhibit A to this report is the redlined version of the HR Generalist position with the proposed change.)

## <u>Creation of New Job Description: Administrative Office Manager in Lieu of Filling Former Deputy Director Position</u>

#### **Former Deputy Director's Job Description:**

The position of Deputy Director has been on hold since July 5, 2024 to assess whether recent restructuring of the executive team management and resulting division of labor and supervision would

warrant filling the Deputy Director position again, or, in the alternative, creating a new managerial position altogether.

Over the past three months it has become apparent that the Library's overall needs are best addressed by creating a new Administrator Office Manager position rather than filling the Deputy Director position. This new position would accomplish two important goals: 1) provide a more focused and defined management role to meet current Library needs; and 2) apply a more strategic use of funds by redirecting the amount earmarked for the Deputy Director salary for other necessary staffing issues, such as covering salaries for newly created positions or incentives for staff retention, or addressing immediate staffing shortages in other departments or branch locations. Creating a managerial role to replace the executive management role of the Deputy Director is also expected to result in cost savings while directly addressing the practical and current operational needs of the Library on a daily basis.

Specifically, the Deputy Director job description as written, lists responsibilities that spread across four categories: planning, technology, Collections Management Services, and Facilities. The duties in each of these categories cover broadly defined responsibilities over a wide spectrum of disciplines: long and short term planning; guidance, support and oversight of projects, programs, and services; staff development and assignments; policies and procedures; internal and external opportunities and solutions. The technology category is all encompassing requiring: leadership and vision in "all aspects" of IT operations and management; establishing technology strategy, standards and practice; identifying and purchasing all hardware and software; hiring, promoting, and reviewing process for all IT staff. The position then requires managing a completely different department, Collections Management Services, including supervising, coaching, and guiding the director, training staff, developing efficient and functionality of systems and services. And finally, the description added Facilities and Security as an area of management, including ensuring the functionality of the building and environment by "integrating people, place, process and technology." It is believed that attempting to fill this position as stated will be difficult as the job description is broadly defined and covers various departmental disparate needs. Finding a candidate with a skill set and experience in such a diverse portfolio is not likely to be realistic in today's job market. It is also uncertain any one individual would be able to provide effective leadership in any one category given the ambitious expectations listed for all four categories. (Attached hereto as Exhibit B is a true and correct copy of the Deputy Director job description that was in place prior to the retirement of the Deputy Director on July 5, 2024)

The needs of the Library have changed. The recent restructure of the executive team leadership now allows for more targeted management, putting individuals with the appropriate training and expertise in charge of each department. For instance, the Collections Management Services team is led by a Director with over 30 years experience with the Library in various departments, and in recent years with managing the Library's extensive collection and staff. There is no apparent need for the Director of Collections Management Services to have internal coaching or guidance from a Deputy Director who does not possess the same or more years of experience. Rather, the Director has proven to be able to work independently with publishers, contractors, vendors, and staff with competent autonomy. Collections Management Services requires in depth knowledge of processes and procedures in maintaining the Library's collection. When appropriate, both the Executive Director and Director of

Collections Management Services Executive Director continue to interface on strategic negotiations, issues related to ongoing subscriptions or the purchase of new publications, and collaborate with the Development and Collections team.

Likewise, the newly appointed Facilities Supervisor is now able to focus solely on facility infrastructure, capital projects, and operations. The Facilities Supervisor has eight years of experience working at the Library and has gained a historical and institutional knowledge about the building and needed maintenance. This Supervisor's work is focused solely on keeping the building operational and safe and is in the process of hiring a new facilities clerk to round out the team consisting of two Facilities Clerks. The Supervisor is now able to devote attention solely to working with the Executive Office in pushing forward much needed capital projects and putting safety plans in place for staff and patrons. Under the direct supervision of the Executive Director, the Supervisor is in daily contact with the Executive Office concerning operations and maintenance issues. This Facilities Supervisor also has experience working closely with the IT Team and Safety Committee as the Library begins the work of improving security networks as it relates to the physical infrastructure.

The recent restructure also allowed for the placement of an IT Director. Currently, the IT Director's time is devoted solely to building a more secure network system and concentrating on all Library-wide technology strategic planning, hardware and software purchases, hiring and managing IT staff, shoring up the Library's cyber security and database systems, and addressing all issues for staff related to online program or remote access for classes and meetings. The IT Director has years of experience in cyber security forensics as well, and works closely with all other departments in short and long term planning for the Library's online presence, security camera and network cabling, and future website development. The IT Director also reports directly to the Executive Director.

Each Director is able to concentrate their efforts in their assigned areas of expertise. They are able to provide meaningful feedback and guidance to their departmental direct reports. Given this, it is believed there would be no need for filling the Deputy Director position to oversee these areas. All of these executive team leaders are under the direct supervision of the Executive Director and participate in weekly executive team meetings with the Executive Director to collaborate and discuss any issues that arise which need feedback or guidance in their particular area of discipline. Having assigned Directors in each of these areas also encourages better collaboration and innovation as each can provide important feedback based on their area of expertise.

#### **Need for Administrator Office Manager:**

There are, however, remaining responsibilities that fell under the Deputy Director position that have yet to be assigned to a managing position. Currently these responsibilities have been temporarily handled by the Executive Director and the Executive Assistant. Staff recommend that these remaining responsibilities now fall under the management purview of a newly created position, Administrative Office Manager. The specific duties are shown in the attached Job Description for Administrative Office Manager (Attached as Exhibit C).

To summarize, the responsibilities are specifically defined in four categories: Executive Office duties; Board of Trustees Support; Internal Library Staff Support; and External Library Services and Outreach. The job description also includes the duty to participate in the Library's need for responsible financial oversight and checks and balances within the Executive Office, a task of particular importance to comply with auditing best practices. For example, certain oversight and approval of expenditures should be reviewed by three individuals: the Finance Director, the Administrative Office Manager, and the Executive Director. Certain electronic funds transfers and larger expenditure checks require approval and signature by two managerial positions, and while the Deputy Director position has been on hold, only the Director of Finance and Executive Director have been signatories in the interim. With the creation of the new position, the Administrative Office Manager and the Executive Director would be signatories, avoiding the necessity of the Director of Finance acting in this role as a best practice.

Finally, it is contemplated that, with this new position and the current leadership team in place, there is no need for any one individual to immediately step in to act as an interim Executive Director in the event the Executive Director is unavailable temporarily. The current executive team, with the addition of an Administrative Office Manager, would be more than sufficient to carry on the work of the Library in the event of a intermittent or temporary absence of the Executive Director. It is understood that if the Executive Director is unavailable for an extended or indefinite period, the Board of Trustees would need to appoint an interim Executive Director for longer absences. However, having the added leadership would allow for the Board of Trustees to devote the necessary due diligence and time in a search for a permanent replacement Executive Director should that become necessary.

#### Recommendation

Staff recommends that the Board approve the attached updated job description for HR Generalist, changing the status from non-exempt to exempt.

Staff also recommend that the Board approve the creation of the position of Administrative Office Manager within the Executive Office to address responsibilities that have been temporarily handled by the Executive Director and Executive Assistant. It is further recommended that this new position be filled to meet current Library operational and administrative needs instead of the Deputy Director position that has been on hold since July 5, 2024.

Commercial EV Charging Station Rebate Program

According to a January 2021 white paper report entitled, "Los Angeles Electric Vehicle Charging Infrastructure Needs and Implications for Zero Emission Area Planning" by Anh Bui, Peter Slowik, and Nic Lutsey of the International Council on Clean Transportation, Los Angeles has committed to increase the percentage of zero-emission vehicles on city roads to 25% by 2025, 80% by 2035, and 100% by 2050 as part of a vision to address climate change, improve air quality, and achieve environmental justice. With this in mind, a transition to zero emission vehicles requires support by building infrastructure, drafting policies, and creating incentives to overcome electric vehicle barriers to ensure equitable zero emission mobility access to all Los Angeles residents. Public and workplace charger deployment will need to ramp up quickly to support zero emission vehicle goals. The white paper can be found at <a href="https://theicct.org/sites/default/files/publications/LA-charging-infra-feb2021.pdf">https://theicct.org/sites/default/files/publications/LA-charging-infra-feb2021.pdf</a>)

A September 4, 2024 article published by MIT News On Campus and Around the World, authored by Zach Winn, entitled "Study: EV charging stations boost spending at nearby businesses," reported spending increases were particularly pronounced for businesses within a hundred yards of charging stations, and for businesses in low income areas. The article concluded as follows: "Charging stations for electric vehicles are essential for cleaning up the transportation sector. A new study by MIT researchers suggests they're good for business, too...The study found that, in California, opening a charging station boosted annual spending at each nearby business by an average of about \$1,500 in 2019 and about \$400 between January 2021 and June 2023. The spending bump amounts to thousands of extra dollars annually for nearby businesses, with the increase particularly pronounced for businesses in under resourced areas. The study's authors hope the research paints a more holistic picture of the benefits of EV charging stations, beyond environmental factors." In keeping with the city's commitment, LA Department of Water and Power has implemented the Commercial EV Charging Station Rebate Program which offers rebates to help offset the cost of installing commercial charging equipment. The program requires that the stations be permanently installed by a licensed electrical contractor and hardwired to the building premises (either wall, pole or pedestal mounted) for a minimum in-service period of five years.

LA Law Library is moving forward with repairs to the parking structure, and has also applied to participate in this rebate program. This effort not only contributes to the city and state efforts to address climate change, improve air quality, and achieve environmental justice, but also will assist in boosting the local economy while generating much needed funding for Library operations and programming.

Staff have invited representatives from LADWP to provide the Trustees with a presentation about the Program's benefits and incentives at the October 23, 2024 board meeting.
