#### LAND ACKNOWLEDGMENT

The Los Angeles County Law Library and its Board of Trustees recognize that we occupy land originally and still inhabited and cared for by the Tongva, Tataviam, Serrano, Kizh, and Chumash Peoples. We honor and pay respect to their elders and descendants — past, present, and emerging — as they continue their stewardship of these lands and waters. We acknowledge that settler colonization resulted in land seizure, disease, subjugation, slavery, relocation, broken promises, genocide, and multigenerational trauma.

This acknowledgment demonstrates our responsibility and commitment to truth, healing, and reconciliation and to elevating the stories, culture, and community of the original inhabitants of Los Angeles County. We are grateful to have the opportunity to live and work on these ancestral lands. We are dedicated to growing and sustaining relationships with Native peoples and local tribal governments, including (in no particular order) the:

Gabrielino Tongva Indians of California Tribal Council
Gabrieleno/Tongva San Gabriel Band of Mission Indians
Gabrieleño Band of Mission Indians – Kizh Nation

Fernandeño Tataviam Band of Mission Indians

□ San Fernando Band of Mission Indians

Three representatives from Alpha Structural gave a presentation on the seismic retrofit analysis of the Los Angeles County Law Library. They began by discussing the deadlines the library faces. The library has not received an Order to Comply yet. Once the library receives the Order to Comply, we will have 3 years to submit a completed checklist for review to determine if building is a non-ductile concrete building. Once the library receives the Order to Comply, we will have 10 years to submit proof of previous retrofit, or plans to retrofit, or plans to demolish the building. Once the library receives the Order to Comply, we will have 25 years to complete construction.

Alpha Structural quoted an estimated cost of one million dollars for the completion of Phase 2, and a timeline of 1.5-2 years. #### **MEMORANDUM**

**DATE:** September 24, 2025

**TO:** Board of Law Library Trustees

**FROM:** Katherine H. Chew, Executive Director

**RE:** Approval of Bilingual Pay Policy and Work From Home Policy

#### **INTRODUCTION AND SUMMARY**

The Board is asked to approve the attached Policies addressing Bilingual Pay and Work from Home at LA Law Library. At the August 27, 2025 Board Meeting, this matter was removed from the Consent Calendar. During the discussion, it was suggested that revisions to the proposed Bilingual Pay Policy would help clarify the process of notifying an employee when bilingual pay would be terminated. The matter was postponed until the September 24, 2025 meeting so that staff could make the necessary clarification.

#### **BACKGROUND**

#### **Bilingual Pay Policy:**

The current description of the Library's Bilingual Pay Policy is as follows: "Whenever an appointing authority requires an Employee to converse fluently in a language other than English, or proficiently write and interpret a language other than English, for more than 10% of the Employee's workweek, said Employee shall receive a bilingual bonus of \$50.00 per month."

Applying the above stated policy in an equitable and measurable manner has proved difficult. How to calculate what constitutes "10% of the Employee's workweek" has varied from unit to unit in consistency. There is no objective measurement for what constitutes proficiency in a foreign language or who on the staff is qualified to make that determination. At times the policy has not been uniformly applied and equity in allowing for this compensation has been challenging. It has become apparent that clearer guidelines are needed to fairly administer the policy. Attached is a proposed revised policy for the Board's consideration.

Staff has added language highlighted in the attached Bilingual Pay Policy to address the concerns raised at the August 27, 2025 meeting.

#### **Work from Home Policy:**

In the wake of the Covid 19 Pandemic, LA Law Library quickly pivoted to remote operations by allowing employees to work from home while still providing services to the public. Since the lifting of lock down protocols and the re-opening of LA Law Library

to the public, management has continued with the work from home model, allowing staff to choose one day a week to work from home. The policy is considered a benefit rather than a right, however. As no formal policy has been approved by the Board, staff recommends that the Work From Home Policy be formalized by a Board vote. Attached is a proposed Work From Home Policy for the Board's consideration.

#### **OPTIONS**

The Board may, as to each policy: 1) approve the policy as presented; 2) modify the policy and then approve; 3) request additional information and continue the item; or 4) reject the policy.

#### **RECOMMENDATION**

It is Staff's recommendation that the Board approve the Bilingual Pay Policy as amended and approve the Work From Home Policy attached to this staff report.

Agenda Item 3.0 Consent Item 3.3

## BILINGUAL PAY POLICY WORK FROM HOME POLICY

#### **BILINGUAL PAY POLICY**

The Library recognizes that in order to provide effective services to a diverse population and maintain a comprehensive foreign legal resource collection, fluency in English and a foreign language is a valued skill set. Utilizing staff bilingual skills not only widens outreach in public-facing communication roles, but also supports non-public facing roles that expand accessibility and availability of foreign written and print materials curated by the Library.

Library employees who are deemed proficient in bilingual translation services and are assigned to a position and/or special project requiring use of such services for a minimum of two hours per assignment, shall be compensated at a flat rate of fifty dollars (\$50.00) per month per foreign language for providing such services on behalf of the Library so long as the immediate supervisor or manager determines that the criteria described below are met:

#### A. There is a need for bilingual skills:

- 1) Offering bilingual translation services will better serve the public, increase efficiency in departmental operations, and or measurably contributes to the success or completion of the project.
- 2.) The need for the employee's bilingual translation services is a continuing and frequent one which measurably contributes to the efficiency of the position and/or special project and calling upon the employee's services is preferred over an external third- party translation service.
- 3) It is within the supervisor's sole discretion as to whether programming or departmental needs warrant continuing use of the employee's bilingual translation services for any position or special project. In the event a supervisor determines programming or departmental needs do not require continuing the use of the employee's bilingual translation services, the supervisor must give the employee a minimum of 10 days written notice in accordance with the rules governing bilingual pay set forth in Section C.
- B. Selection of employees entitled to bilingual pay:
- 1) The candidate must achieve a passing score (70% or above) on an objective language proficiency test administered by a language translation service used by the Library
- 2) Basic knowledge of and sensitivity to the culture and needs of the designated foreign language group to be served is an added value for consideration and will be considered depending on the level of detail and information provided to the supervisor in the employee's application.

- 3) The candidate must submit an application for bilingual pay to their immediate supervisor or manager before commencing the work requiring bilingual skill.
- 4) The supervisor or manager will review the application and approve or disapprove of the application within 5 business days of the date of application.
- 5) If approved, the supervisor or manager will submit a copy of the application to the HR Generalist and Finance Department.

#### C. Rules governing bilingual pay:

- 1) Compensation will not be effective before the application is approved by the supervisor or manager.
- 2) An applicant who has been approved for bilingual pay in a certain foreign language will be considered qualified in that foreign language and need not repeat any testing in that particular language thereafter.
- 3) An applicant who has not been approved for bilingual pay in a certain foreign language may attempt to re-submit an application and re-take the objective test to be qualified at any time.
- 4) The flat rate of fifty-dollars (\$50.00) per month will be paid for each foreign language for which the employee is deemed fluent. An employee seeking to qualify for bilingual pay for more than one foreign language must submit an application and passing score for each separate foreign language to be paid the \$50.00 flat rate per month for each foreign language competency.
- 5) Compensation will remain in effect only as long as such services are needed for the assignment or until the special project is completed. In the event bilingual services are no longer needed, the employee's supervisor will give a minimum 10 days written notice to the employee that such services are no longer needed. The written notice will state the month, date and year upon which services will terminate, and confirm that compensation will end as of the month following the date of termination of services stated in the written notice. (Example: On September 10, 2025 bilingual services are no longer needed. The Supervisor must give a minimum of 10 days notice and therefore sends written notice on August 31. 2025 the need for Bilingual Services will be terminated on September 10, 2025. The notice will also indicate that the employee will receive bilingual pay for the month of September, but will not receive bilingual pay in October or thereafter.)
- 6) A paid temporary absence of the employee which does not exceed 60 calendar days shall not affect the employee's entitlement to the bilingual pay. If the employee is absent more than 60 calendar days the additional compensation shall be suspended during such absence.

Any employee deemed qualified to receive the bilingual pay under the former MOU of April 1, 2023 to June 30, 2025 will continue to be deemed qualified in that foreign language and is not subject to criteria for section "B. Selection of employees entitled to bilingual pay" described above. All employees receiving bilingual pay are subject to criteria described in Sections "A. There is a need for bilingual skills" and "C. Rules governing bilingual pay" described above.

#### WORK FROM HOME POLICY

The Library recognizes that working from home in some positions (but not all positions) can provide a valuable work/life balance and flexibility during the workweek. If an employee's job duties can sometimes allow for assignments that do not require a physical presence at the Library on all days of the normal workweek, the benefit of working from home one day a week may be available under certain circumstances. It is understood, however, that this option of working from home is a privilege that comes with certain responsibilties and requires the acknowledgement of certain policies to assure daily operations and services can be delivered seamlessly and safely for staff, patrons, and the Library.

WFH is neither a right nor guaranteed. A supervisor may require a staff member, regardless of tenure, to be current on their work obligations and deadlines before granting an employee's request to work from home. In addition, all staff should recognize that if the Library has an operational or staff coverage need that requires them to be on site, WFH will not be allowed.

While some special circumstances may present the need for a policy modification with approval from the Executive Director, the criteria and acknowledgements set forth must be present to work from home:

- 1. An employee may request approval to work from home to their immediate supervisor, stating the day of the week of their preference. The request to WFH must be approved by the employee's immediate supervisor. The immediate supervisor will make best efforts to work with the employee to select a mutually agreeable schedule. However, the immediate supervisor will have final authority to determine the schedule for WFH in keeping with departmental and Library operational needs.
- Supervisors are authorized to suspend or terminate a WFH schedule for their staff member if
  operational needs or shift coverage necessitate such a suspension or termination, or the

employee no longer meets the criteria to be eligible for WFH. Managers are expected to assess Library needs and suspend their own WFH days without waiting for their supervisors to request a suspension.

- 3. The WFH schedule is limited to one day a week and should be scheduled on a Tuesday, Wednesday, or Thursday for employees who work a regular shift from Monday through Friday. For employees who work on Saturdays, the WFH schedule is limited to one day a week and should be scheduled on a Wednesday, Thursday, or Friday.
- 4. In special circumstances or emergencies, and with prior approval from a supervisor, an employee may deviate from their regular WFH schedule and take a WFH day on any other day of the week. It is understood that this flexibilty in scheduling will be afforded only on a limited basis to accommodate either a special request of the employee or meet the coverage needs of the Library. The necessity to deviate from a different WFH schedule is within the discretion of the immediate supervisor and approval can be withdrawn at any time by the supervisor.
- Employees approved for remote work are expected to maintain their regular work hours and availability as agreed upon with their immediate supervisor. All changes to this schedule must be approved in advance.
- 6. Regular communication is essential. The WFH day generally requires the employee to be available by phone or online during the entire shift and employees are expected to respond to email or phone communications promptly, generally within 30 minutes. If the employee is scheduled to be engaged in another work related meeting or activity and cannot respond promptly to communications promptly during such time, the employee is expected to notify their supervisor in advance if possible. If the employee is unexpectantly unavailable due to a work related meeting or activity, the employee should make best efforts to make contact with those requesting a response as soon as it is reasonable. Teams are encouraged to have regular

check-ins on a schedule set by the supervisor. Employees are expected to virtually participate in team meetings scheduled on their WFH days.

- 7. To be eligible for WFH, an employee must meet the following conditions:
  - The employee has successfully completed their introductory period;
  - b. The employee has been assigned projects or regular tasks that can be done off site, and these projects or tasks are comprehensive in scope to devote a full shift of one day;
  - The employee acknowledges and accepts, as a general rule, the Library does not provide
     Library owned laptops, cell phones, computers, or other devices to employees who wish
     to WFH;
  - d. The employee is willing to use personal devices such as their cell phone, laptop, home computer, and WiFi access to WFH and it is the employee's responsibility to ensure a secure and effective work environment.
  - e. The employee acknowledges and accepts the Library will not provide an allowance or pay for any utilities expense incurred to avail themselves of the privilege to WFH;
  - f. The employee is willing to install the Library's VPN on all personal devices and personal computers which will be used to access Library's server during their scheduled WFH day;
  - g. The employee is willing to shut off any personal VPN to access the Library's VPN during their shift for WFH activities and assignments;
  - h. The employee is willing to follow best practice protocols for cyber security as recommended by the Library, including Multi-Factor Authentication for access to Library databases, protecting Library data by using secure networks, and following all data privacy protocols.
  - i. The employee has demonstrated the ability to work independently without a high degree of oversight or supervision. Indicators of the ability to work independently include:

- History of demonstrated punctuality in arriving to work, meetings, and other scheduled obligations
- 2) Completion of assignments on time
- Familiarity and compliance with Library protocols including reporting absences,
   late arrivals, out sick reporting, and other regular reporting requirements
- Regular and unsolicited production of updates and stauts reports, both voluntary and required
- 5) Prompt responses to calls or emails from supervisorial or management staff
- 6) Ability to work collaboratively with fellow team members and across departments and demonstrated initiative to be of help to fellow co-workers
- 7) Possesses a willingness to engage in WFH assignments and tasks during unexpected Library closures or emergencies when their supervisor requests such assistance in the interest of providing uninterrupted services or operations to meet Library or patron needs.
- j. Work From Home Internet Access:
  - On a case-by-case basis, the Library may, depending on special circumstances and within budgetary capabilities, loan certain Library owned equipment to facilitate internet access for an employee to WFH. These case by case circumstances will need approval from the Executive Director and IT department.
  - 2) In the event of an internet outage, employees are to notify their supervisor immediately and make alternate arrangements to complete their work, including returning to the Library to complete their shift or working with their supervisor on other assignments that do not require internet access.

#### Revised 8/6/2025

This policy is subject to review and may be modified to adapt to the changing needs of our workforce and organization. Employees are required to acknowledge that they have read, understood, and agree to comply with the above policy provisions.

#### **ANNUAL REPORT**

#### INTRODUCTORY INFORMATION

The act of "weaponization" dominates today's news cycle. While the topic may be the source of great consternation and divisiveness in our society, a different kind of weaponization wields positive inspiration and change on a daily basis at the Los Angeles County Law Library (LA Law Library). A place of growth, empowerment, and belonging, LA Law Library "stockpiles weapons" in the form of knowledge, ideas, and free legal resources—the most powerful weapons available for an average citizen to exercise their basic civil and legal rights.

Since its establishment in 1891, LA Law Library has dedicated 134 years of providing free access to legal resources to empower city, state, national, and global communities. Beginning with a humble collection of 4,649 volumes, LA Law Library now maintains a collection of over one million print and digital resources—including a comprehensive list of State and Federal resources, one of the nation's most comprehensive global law collections covering more than 200 countries, and a rare book collection unlike any other county law library in the state. Second only to the Library of Congress, LA Law Library is the largest public law library in the country spanning 175,000 square feet, the equivalent of 35 miles of shelving.

We serve over 100,000 patrons a year. Average citizens, legal professionals, business entrepreneurs, and the global community have relied upon LA Law Library to provide free access to legal resources and find answers to legal questions that impact their professional or personal lives. A safety net for those in our community who are overwhelmed with life challenges—financial troubles, social stress, language barriers, physical or mental disabilities, educational or technological inequity—LA Law Library is a safe landing place for those who cannot afford an attorney yet do not meet eligibility requirements for legal aid. We close this justice gap by filling it with knowledgeable reference staff, a

comprehensive legal collection, and legal professional partnerships committed to serving the community with their time and talent.

We make public computers available to those without, bridging a digital divide that continues to leave many behind in our increasingly technologically dependent world. Patrons have access to a wealth of the most current digital legal resources available, and these tools help to put them on equal footing with opponents when advocating for themselves in court.

Our help reaches beyond language barriers. If English is not a patron's primary language, we can provide language translation services or call upon the generous support of bilingual pro bono attorneys committed to giving back to the community with their translation skills. By seeking out ways to communicate with non-English speaking patrons, we provide vital support to help them advocate for themselves and remove language barriers blocking them from finding a path forward.

LA Law Library is a vital partner of the Los Angeles Superior Court and the United States Federal Court, providing much needed self-help services on legal topics that are not addressed in their self-help centers or require more in depth and personalized assistance for complex legal matters. We understand that many might find the Library to be a quiet public space that can be less intimidating and more accessible than a courthouse, and our staff can offer more assistance where self-help center services left off. We realize that effective assistance requires practical solutions: when the courthouse self-help centers are closed on weekends, LA Law Library stays open on Saturdays, providing more opportunities for those grappling with demanding jobs and family obligations during the weekdays to get the help they need on a weekend.

This year LA Law Library pursued efforts to be listed on the National Registry of Historic Places. Deemed eligible for listing in both the National and California Registers as a contributor to the Los Angeles Civic Center Historic District, the Library submitted an application in November 2024 for an individual listing on the National Registry. The application is in the final stages of approval from the

United States National Park Service, with the formal listing expected in the coming months. Once in place, this designation recognizes LA Law Library's historical significance locally, nationally, and globally. It illustrates the Library's commitment to the rule of law and serves as a symbol of access to justice for not just the citizens of Los Angeles but for the world. The building's architectural significance is one of pride for the city as it is a prominent example of a 1950's post moderne geometric design, a contributor to the Los Angeles Civic Center Historic District, and one of the foremost remaining architectural buildings of the renowned firm of Aust Fields and Fry. Finally, an individual formal listing on the National Registry will open opportunities for grant support and consultations for building preservation and upgrades.

#### **LOCATIONS AND HOURS**

The Main Branch is located in the Mildred L. Lillie Building, 301 West First Street in downtown Los Angeles. Conveniently located directly across the street from the Stanley Mosk Superior Courthouse and the United States Federal. Courthouse, LA Law Library offers easy access to free services and a vast legal collection to surrounding businesses, law firms, city and county government staff, courthouse personnel, and the general public.

To assure service to communities beyond the downtown Civic Center, LA Law Library also maintains eleven (11) courthouse and public library partnership locations that offer in person assistance, eBranch access, or a combination of both. Locations offering eBranch assistance provide a walk-up computer based interactive research experience, allowing a patron to contact Reference Librarians remotely via live chat service.

The branch and partnership locations are as follows:

Four courthouse branch locations:

- Long Beach and Torrance (eBranch and staff)
- Norwalk and Pomona (eBranch only)

Seven public library partnership locations:

- Los Angeles Public Library in Van Nuys
- Pasadena Public Library (Hastings Branch)
- Pomona Public Library
- Santa Monica Public Library
- Compton, Lancaster, and West Covina (currently on hiatus)

During the first part of fiscal year 2024/2025, we offered a mix of in-person and remote services. The Main Law Library was open to the public Monday through Friday, 8:30 a.m. until 6:00 p.m., and on Saturdays from 9:00 a.m. to 5:00 p.m. Services were accessible via email, telephone, live chat, online classes, workshops and in-person pickup of collection materials.

#### PROGRAMS AND SERVICES

## Reference Assistance:

Our Reference Desk is one of the most valued services we can provide the community. Knowledgeable librarians are available at the reference desk to provide assistance and research guidance during all operational hours. They answer questions in-person and by phone, email, postal mail, and live web-chat. These services are available at no charge to all users of the library, including attorneys, legal professionals, students and the general public.

Although Reference Librarians do not provide legal advice, they are knowledgeable about the law and are specially trained in legal research and resources. The Library's vast collection contains instructions, explanations, and guidance on virtually any legal issue in any jurisdiction. By listening to a patron's story, asking questions, and identifying relevant facts, the Reference Librarians help connect the patron to the resource they need to take the next step in the legal process, and, ultimately, access the justice system in a meaningful way.

Most importantly, a Reference Librarian is often the first person a patron

4

encounters who will truly listen to their legal question and respond in a respectful and compassionate way. Most users of the Library are self-represented litigants or others without legal training with seemingly no other choice but to address their legal situation alone. This is a vital public service to Los Angeles County constituents trying to navigate a complex legal system that can be overwhelming and intimidating. Library staff are acutely aware that LA Law Library is often the first and last resource many turn to for help.

#### Addressing the Digital Divide with Support Services:

We are fully cognizant that LA Law Library may be the only place many in the community can rely upon to close the digital divide. To address existing inequities in access to modern telecommunications technology, we provide free public access to computers and Wi-Fi, as well as copiers, printers, office supplies, faxing service, document delivery and e-delivery for a small fee.

This service has become especially important in election cycles. Many patrons who do not have computers or struggle with computer literacy have expressed frustration in attempting to register to vote as they are often directed to do so "online." LA Law Library is sensitive to the need to make print copies of voter registration applications available. We provide these forms to any patron wishing to use the print forms to exercise their civil right and responsibility.

## Classes, Clinics, Workshops and Programs:

Supported by many partners within the legal community—legal aid organizations, community agencies, legal professionals, judges, and bar associations-- LA Law Library is an educational center dedicated to meet the needs of a diverse patron population.

For Attorneys, Paralegals and Certified Court Interpreters: The Law Library provides State Bar-certified Minimum Continuing Legal Education (MCLE) classes on a diverse set of topics designed to serve the needs of attorneys and paralegals in all practice areas, with an emphasis on subjects that expand access to justice for disadvantaged groups or those unable to afford legal

representation. The Library also offers Court Interpreter Minimum Continuing Education (CIMCE) credit for classes on court procedures and common legal issues to help court interpreters better serve their clients and the courts.

Fiscal Year 2024-25 featured 14 live MCLE certified class sessions, plus 33 prerecorded programs available to watch online. Sessions covered topics such as how to assist immigrant survivors of abuse; the impact of artificial intelligence on legal practice; discretionary protections available to undocumented workers; and how to help victims of natural disasters. The year also featured 46 CIMCEcertified class sessions covering fundamental legal topics such as filing and responding to civil complaints, representing oneself in civil trials, basics of landlord-tenant law, dealing with debt, and probate court procedures.

<u>For Self-Represented Individuals:</u> The Law Library provides workshops, clinics and programs on a frequent recurring basis through a mixture of in-person and remote sessions, including:

- Weekly: Ask a Lawyer/Expert (subject-specific town-hall style Zoom sessions) and legal assistance in answering unlawful detainer complaints presented by Tenant Power Toolkit and a Section 8 Ombudsperson from LAC Housing Authority;
- Bi-weekly: Civil Lawsuit Basics/Common Legal Issues: Where You Begin and Adult Legal Conservatorship workshop presented in English and Spanish;
- Monthly offerings: Lawyers in the Library (free consultations with volunteer lawyers).
- Quarterly offerings: Adult Name Change Workshop

<u>Lawyers in the Library:</u> This program is offered in-person on the third Friday of the month or on an ongoing basis by remote consultations via internet and telephone. In either format, volunteer attorneys provide free 15 to 20 minute consultations with members of the public. The program has grown so

dramatically – due in part to the housing crisis and the increased need to keep people housed – that many regular volunteers now provide consultations on an ongoing monthly basis. The most heavily requested topics are landlord-tenant, family law and immigration. Recently, there has been an increase in requests for assistance on topics including criminal matters, small business issues, employment law, real estate, probate, consumer debt, contracts.

Ask A Lawyer: In response to the need for remote, but individualized, legal assistance, the Library also hosts "Ask a Lawyer" sessions. These sessions are subject-specific, "town-hall"-style Zoom sessions, where anyone can direct their question to a lawyer with experience in that area. This type of program is highly efficient and allows our volunteers to help many people during an hour-long session. Since launching with a session on landlord-tenant protections during the COVID-19 pandemic, the program has expanded to include not just landlord-tenant sessions, but also monthly sessions on Section 8, probate, wills and trusts, and civil harassment.

Conservatorships & Alternatives to Conservatorships: We launched a new collaboration with the ABA Accredited West LA College Paralegal Program to hold a self-help clinic for patrons wishing to petition for appointment for conservatorships. With a class of ten to fifteen paralegal students, the Library is able to provide individualized assistance to a large number of self-help litigants as they navigate through a complex court process. At the same time, the paralegal students receive real world experiences as they hone their professional legal skills while receiving class credit towards their paralegal certificate. The Library's Executive Director and a college faculty member teach the students valuable and practical skills such as case screening, client intakes, public speaking, and document preparation while students assist self-represented patrons seeking to petition for the appointment of a conservator. With a successful semester now completed, this collaboration will continue into the next fiscal year with a new cohort joining the Library in the fall semester.

<u>For Business People and Entrepreneurs:</u> The Law Library provides classes and workshops, including:

 Starting & Growing a Business: Legal & Financial Knowledge You Need to Succeed (14-part biannual series) in partnership with L.A. County Department of Consumer & Business Affairs, L.A. Ports TradeConnect, and the L.A. Mayor's Office of Economic Development

These classes are now offered online in live Zoom format and as on-demand recordings.

<u>For the Entire Community:</u> The Law Library provides free community events, aimed at promoting equal access to justice throughout Los Angeles County:

Community Outreach Events: The Library celebrates the rule of law with a series of legal holiday events held throughout the year where everyone is invited to learn how the law and the legal system work to ensure justice in our society and throughout the world. In Fiscal Year 2024-2025, the Library marked Constitution & Citizenship Day, Freedom of Information Day, Law Day and Pride Month with full line-ups of in-person and remote programs. LA Law Library's Constitution & Citizenship Day celebration featured an in-person citizenship assistance workshop in collaboration with NALEO Educational Fund. The Library celebrated Freedom of Information Day with classes on artificial intelligence and the law, and a live Zoom "town-hall"-style Ask a Lawyer session about the Public Records Act. The Library celebrated Law Day with a virtual event about advancing social justice through mediation, and a combined class-Ask A Lawyer session about writs of mandate. Fiscal Year 2024-2025 also marked the Library's second celebration of Pride Month in June 2024, with programs celebrating legal rights in the LGBTQ+ community.

- Pro Bono Week in October: Every October since 2009, legal organizations across America participate in the National Celebration of Pro Bono to draw attention to the professional responsibility and individual ethical commitment of each lawyer to meet the demand of pro bono services to the community. In keeping with this tradition, LA Law Library dedicates a week in October to programming for unrepresented individuals who need help understanding their rights, representing themselves, and accessing the justice system. During our Pro Bono Week celebration, the Library hosts free events offering opportunities for one-on-one assistance, consultation with an attorney, education about the law and discussions on timely topics in the law. In recognition of the increased need for pro bono services during harsh economic times, the program also includes training for volunteers interested in meeting the demand for pro bono services, providing them with tools and skills to be actively involved in helping the community with much needed legal assistance. Topics covered in Fiscal Year 2024-2025 included the following: helping tenants facing eviction; challenging government agency decisions; religious tradition and legal principles; enforcing custody orders and domestic violence issues; applying for public benefits; paths to citizenship; building an appeals case; responding to civil discovery requests.
- off-Site Staff Training: The Library is often called upon as a resource for special staff trainings in targeted topics. This year the Executive Director was asked to provide staff trainings through inperson and hybrid (in-person/virtual) formats on the topics of Probate Conservatorships, Alternatives to Conservatorships, and the newest law on Supported Decision-Making Agreements. These trainings were for medical staff and resident students at the VA of Greater Los Angeles, the medical/counseling staff with Children's

Hospital of Orange County, and parents of disabled adults associated with Children's Hospital.

Members Program: The Law Library offers a Members Program, which uses an affordable fee-for-service model to provide quiet work and meeting space adjacent to the downtown courthouses; unlimited access to the law collection and legal databases on-site; off-site access to certain databases; priority reference service; plus, discounts on services, classes, and parking. While open to the general public, the program serves to provide affordable support to attorneys serving modest-means clients, especially newer members of the bar, who are engaged in offering new and innovative representation models for litigants who might otherwise be unable to afford legal help. In addition to the established Members Program, a second Platinum Members Program is offered to address the needs of larger firms by providing unlimited access to LA Law Library's unparalleled collection. In addition to several of the benefits afforded the core individual Members Program, the flat-fee based Platinum Membership model provides all-inclusive, unlimited e-delivery of digital documents, as well as edelivery of scanned material from our extensive LA Law Library collection, all for a flat monthly fee.

#### Law and Library School Internship Programs:

LA Law Library traditionally hosts law and library school interns 3-4 times per year. Under the supervision of professional librarians, an internship at the library offers an optimal field environment for obtaining practical hands-on experience working with an approximate 1 million equivalent volume collection. Through these field experiences, students have the opportunity to learn effective reference skills, hone their communication techniques for interacting with a diverse public, and explore collection development and management practices. Within the framework of these internships, library school students benefit from the real world exposure to career options as a special librarian. Law school students have the opportunity to interact with and learn how and where public service can fit into building a successful law practice.

4

In 2020, a long-time Law Library Member left a generous bequest in her estate to support the training of future lawyers and librarians. This has allowed LA Law Library to offer paid internships, expanding opportunities for a diverse pool of students. Those facing financial challenges that might not initially consider a career in in law or librarianship now can be exposed to the Library's work with greatly needed financial support. Opening new doors to these students provides them with practical hands-on experience and a threshold to career choices they might not have otherwise considered reachable.

#### **Library Tours and Orientations:**

Library staff also give library orientations and tours to outside groups including bar associations, paralegal students, law-related student groups and academic institutions. The Law Library also hosts field trips from several local high schools, leading students on explorations of the library's resources, holding panel discussions on legal issues relevant to teens, and hosting career talks where students get the chance to learn about different career paths available to them in the legal field. Tours can be general or customized for a particular audience. Some popular tour subjects include our deep collection of foreign and international law and our historical California materials.

In the Fiscal Year 2024-2025, these tours have also served to be a meaningful introduction to Library services with elected officials, government agencies, and the legal community. Staff made a concerted effort to reach out to elected officials to build stronger relationships and new partnerships by inviting their staff for tours and orientations. This fiscal year included tours with staff from the offices of Assemblymember Jesse Gabriel (46<sup>th</sup> District) and Senator Caroline Menjivar (20<sup>th</sup> District). Connections with the federal bench included a tour with U.S. District Court Judge Maame Ewusi-Mensah Frimpong and CJA Supervising Attorney/Pro Bono Panel Coordinator Lauren Eskanazi Ihrig with subsequent discussions on collaborating with the federal self-help center and Federal Bar Association for future programming.

The Library's prime location in the center of downtown Los Angeles is comparable to none: proximity to the downtown civil, criminal, and Federal courthouses; centrally located in the heart of city and county government offices; a convenient and short commute by walking, vehicle or public transportation from downtown businesses, embassies, or law firms. The Library can provide secured. ready to use, professional conference and office space for rent. Rental amenities include free Wi-Fi, unlimited computer usage, privacy, access to our copy center, standard Audio/visual capabilities, and free access to Lexis+ or Advance®. Westlaw®, WestlawNext® and other popular exclusive online legal resources. Small conference rooms and a larger Training Center can be rented for daily, short term or hourly rental. Staff can assist with catering for those wishing to rent space for consecutive days, such as helping with a list of nearby restaurants, set up and clean up. There is a discount on rental rates for those participating in the Library's Members Program.

The Library has also been a prime location for law firms wishing to prepare for trial and prepare witnesses when slated for trial at the Stanley Mosk Courthouse. In addition, production companies have rented space for a staging area when planning special events at Grand Park or other civic center programs.

In the past year, requests for rental space have steadily increased, providing a much needed funding resource to support programming, facility repairs, and capital improvements.

## Capital Projects:

The Library has undergone a remodeling project in the main reading room to include the installation of moveable glass partitions, providing flexibility in creating spaces for a future computer lab and classroom area. Plans include renting these added spaces when not in use for regular programming.

Other facility capital projects included adding two additional offices in the Collection Management Services department, replacement of aging automatic garage doors, and consultations for future modernization to the Library's four hydraulic elevators. Other planned projects include obtaining a seismic retrofit analysis, and upgrading the Library's fire suppression and life and safety systems.

The Library has also embarked on initial efforts to upgrade its internet networking infrastructure, public announcement systems, security camera networks, and alarm systems.

## LIBRARY USAGE

LA Law Library provides in-person and remote legal research assistance and instruction to tens of thousands of individuals who need help researching legal issues and accessing the legal system. In Fiscal Year 2024-2025, Reference Librarians responded to 65,967 questions from our patrons. Assistance from Reference Librarians is provided at no cost.

The Library is open to all members of the public, and use of the library materials, including the computers and legal databases, is free. A library card is needed to access the computers (2-hour limit per day) and to borrow print or digital books. Borrowing of print materials requires a refundable security deposit, while e-books access is available using a free version of our library card.

At the end of Fiscal Year 2024-2025 there were 23,067 library cardholders without borrowing privileges of print materials. At the end of Fiscal Year 2024-2025, there were also 971 persons registered as individual borrowers, including 472 attorneys. This group of borrowers added 31 messengers to their account. In addition, 108 law firm and business borrowers have identified 488 designated borrowers, including attorneys, librarians and messenger services. There are 351 judicial borrowers, 414 government borrowers and 2,512 special promotions borrowers.

The circulation department staff issue library cards, check books in and out, respond to requests for computer sign-ups, place books on hold, handle questions about overdue fines and page materials as needed from the library's closed stack areas. In Fiscal Year 2024-2025, the Circulation desk handled 18,772 requests. Of these requests, 13.555 were at the desk, 250 by email, and and 5,217 were by telephone. A total of 952 physical items were placed on hold and 9,455 books were circulated and /or loans renewed. In fiscal year 2024-2025, 4,395 e-books were borrowed by patrons and 331 e-books were placed on hold.

In response to requests for materials and information, LA Law Library provides document delivery and e-delivery services. LA Law Library resumed charging for this service shortly prior to the start of the fiscal year. Requests delivered in fiscal year 2024-2025 totaled 605 and included 17,083 pages. The Copy Center also responded to 3,172 requests, producing 361,126 photocopies.

During Fiscal Year 2024-2025, LA Law Library reference staff fielded 65,697 requests for information. This continued a strong upward trend in the number of questions fielded by staff, roughly double the number of inquiries typically tracked in the years preceding the pandemic. 37,150 were in-person inquiries (an uptick of approximately of 1,000 from the previous year); 21.497 requests were received by phone; 6,423 were email or live-chat; and 353 were letter requests, generally from the incarcerated (an increase over 50% from the prior year in this category). The questions came from a diverse group of users that includes self-

represented litigants, attorneys, paralegals, judges, students and the general public. The greatest sources of increase over pre-pandemic years continues to ba a large uptick in questions from self-represented patrons referred to us by the Superior Court or Self-Help Centers

LA Law Library's website (<a href="www.lalawlibrary.org">www.lalawlibrary.org</a>) had more than 117,934 visitors in Fiscal Year 2024-25. The average number of daily visits was 309 with an average visit duration of 2:14 minutes. 95.87% of the visitors were from the United States; 4.13% of the visitors were from other countries.

## COLLECTION / ACQUISITIONS

Print Materials: During Fiscal Year 2024-25, the Main Library added 4,913 volumes; the Branch locations added 62 volumes. During the same period, the library withdrew 919 volumes and media from the Main Library and 53 volumes from the Branch locations. At the end of Fiscal Year 2024-25, the total number of print volumes in the LA Law Library collection was 708,888. The Main Library held 708,163; the Branch locations held 725.

Non-Print Materials (Other Than Subscription Databases): During Fiscal Year 2024-25, the Main Library added 2 computer discs, and 934 ebooks. Additionally, the Library added 5,171 microfiche to the collection (reflecting a decline in the use of microfilm/microfiche as a commonly-used production medium). At the end of the Fiscal Year 2024-25, the Library held 8,216 reels of microfilm, 1,440,250 microfiche, 1,084 computer discs, 4,545 ebooks, 213 audio discs, and 132 video/DVDs. The Branch locations do not maintain non-print collections (other than subscription databases).

<u>Volume Equivalents</u>: The volume equivalent of non-print materials available in microform and ebooks is approximately 317,243 volumes. The grand total of volumes and volume equivalents in the LA Law Library collection is 1,026,131 volumes representing 200,650 titles.

Rare Book Collection: As one of the premier public law libraries in the country with a long history of responsible stewardship of a vast collection, LA Law Library acquired a substantial collection of rare and historical material through private donations. This aspect of our collection makes us a unique and valuable resource for academic and historical research throughout the state, country, and the world. Our rare and historical collection includes such treasures as: English common law compilations dating back to the 1300s; centuries old Roman canon, and other religious law; wartime laws from the occupying Allied powers after the fall of Nazi Germany; transcripts of famous historic trials such as the Clarence Darrow bribery case, Daniel Elisberg Pentagon Papers trial, O.J. Simpson murder trial; laws of the original thirteen colonies and early California; and, one of the only extant collections of North Korean law. When Haiti was devastated by hurricanes and faced total destruction of its laws, government representatives sought out LA Law Library to replenish copies from our print collection. With one time funding from the State to identify, assess, and preserve these rare books and materials, staff have begun to take additional steps to protect and preserve these fragile gems so we can continue making them accessible to researchers and display notable items for public viewing.

In Fiscal Year 2024-2025 the American Bar Association selected LA Law Library to be the first west coast location to exhibit a nationwide traveling exhibit entitled "Lawyers Without Rights." Based on a book entitled "Lawyers Without Rights: The Fate of Jewish Lawyers in Berlin After 1933," this exhibit focuses on the discrimination, degradation, and defiance of Jewish lawyers in Nazi Germany. The Library had the opportunity to enhance the lessons learned from this historical tragedy by displaying many of the Nazi law books from the Rare Book Collection for the months of April through June 2025.

#### **FUNDING**

The great majority of the Law Library's services are free of charge, including inperson access to the highly valuable digital and print collection, reference assistance and borrowing. To cover rising costs of operations, LA Law Library

continues to try to develop additional revenue sources including fees for extraordinary library services (such as electronic delivery, room rentals, etc.), professional development and training (such as MCLE classes), and programming focusing on community interests of current events and legal topics.

We are happy that there has been progress this past year in getting a primary source of additional revenue back on track. For the past few years the Library's parking structure on Hill Street has been in disrepair, resulting in a significant loss of outside revenue for the Library. We have retained a structural engineering company to assess the structure, and received a report with a plan to reinforce the top level to make it functional again. Plans for this coming fiscal year include moving forward with the work so that the Library can call upon this very important source of revenue. The Library also remains on the waitlist to participate in a grant program with LADWP to install EV charging stations in the lower level. Once the structure is repaired and the charging stations are installed, we anticipate much needed funding in the coming fiscal year.

County Law Libraries are funded by a formula established by the Legislature which allocates a small portion of the fees generated from initial civil filings in each county to that county's Law Library. In recent months, civil filing fees continue to fluctuate but seem to be trending upwards. The State Legislature has determined that the fiscal year 25/26 Budget should include backfill funding to offset the lost filing fee revenue from expansion of eligibility for fee waivers for County Law Libraries statewide. A total of \$937,000 will be divided on a pro rata share to all County Law Libraries statewide. Of this amount, LA Law Library will receive its pro rata share of \$231,641 in funding.

#### GIFTS AND SPECIAL RECOGNITION

#### Gifts

During the Fiscal Year 2024/2025 many recognized LA Library's critical role by generously donating legal resources and financial support to allow us to continue and grow our programming for the community. In addition to receiving gifts, the Library also refers patrons wishing to donate books to the Books for Prisoners Programs and to the Los Angeles County Public Library.

This year the Library formed a new partnership with SRLN (Self-Represented Litigation Network) with plans to support its web based educational information and articles in the coming years. SRLN consists of a network of judges, lawyers, and allied professionals seeking to create innovative solutions for self-represented litigants so they may have meaningful access to the courts and get the legal help they need. With a donation of \$20,000 dedicated to support the hosting and maintenance of the SRLN link on LA Law Library's website, Library staff will be able to provide a forum for legal professionals to share ideas and create new ways to improve access to justice for self-represented individuals.

Donations of books to the collection from individuals include the following:

#### Special Recognition

#### Federal Depository Library Program

The Federal Depository Library Program (FDLP) has recently been converted to a primarily digital program, and only a small number of selected libraries in the country were chosen to continue to preserve printed copies of the most critical publications of United States law. After a rigorous review of best practices among libraries in consideration, the United States Government Publishing Office awarded LA Law Library the prestigious honor of receiving one of only 50 print copies of the Code of Federal Regulations (CFR) in the United States along with other law titles. LA Law Library is only one of three in California (along with California State Library and the University of California, Berkeley) selected to be preservation stewards of these important print copies for the entire nation.

# Partnership Study-Los Angeles Superior Court and Stanford Law School

In January 2024, the Superior Court of Los Angeles County launched a groundbreaking new partnership with Stanford Law School's Deborah L. Rhode Center on the Legal Profession and Legal Design Lab to research, design and implement innovative, evidence-based approaches to reduce barriers to participation in the judicial process and to improve access to justice for all court users. This unique partnership between the Court and Stanford's leading legal scholars examined the barriers to full participation across the judicial system.

As the study progressed into the Fiscal Year 2024-2025, the research team focused on case types with high percentages of self-represented litigants, including unlawful detainer (eviction), child support and debt collection actions. LA Law Library was

Conceptual Retrofit Plan for Repairs to Parking Structure

#### **BACKGROUND INFORMATION**

LA Law Library has operated a free-standing parking structure located on its property at the corner of 1st Street and Hill Street until 2022 when it was deemed inoperable and in need of repairs. Prior to 2022, the structure served as a convenient and popular location for patrons and others to park when visiting the Civic Center Corridor and nearby courthouses. It also generated supplemental revenue for continued operations and programming. The Fiscal year 2023/2024 approved budget reserved the amount of \$60,000 as the estimated cost of retaining professional consulting services for repairs.

In 2024, Staff began efforts to consult with various structural engineering companies to conduct a discovery assessment and recommend viable and cost- effective methods to repair the parking structure. Although a contract for professional services was entered into in March, that first post tension repair company failed to timely perform after several extensions, and therefore staff determined that contract should not be renewed and other consultants pursued.

In October 2024, All Star Post Tension performed three separate on-site inspections. They concluded that approximately 75% of the tendons within the cement slab had significant corrosion and most likely the remaining 25% had at least some stages of corrosion. The company observed shear cracks in the slab that they surmised likely appeared over the years from stresses to the structure, allowing water to seep in and corrode the tendons within the concrete slab. This company did not test the concrete, but concluded this would not be necessary because the structure could be repaired by installing an external support system. The repairs would consist of mounts to the outside wall anchoring the overall structure. This would be done by having two adjacent beams supporting the center span of the upper concrete slab and they opined this would be the best solution for the long-term lifespan of the structure. This company did not charge the Library for the on-site inspections, but did provide an estimate of the cost for installing the external support system in the amount of \$413, 700.00.

LALAWLIBRARY

After receiving this proposal, staff sought a second professional services opinion from another civil engineering company, Labib Funk + Associates. Labib Funk + Associates (LFA) is a consulting engineering firm that offers structural, shoring, civil, and EBM (External Building Maintenance) Services. Since opening its doors in 2003, LFA describes itself as a structural/civil/shoring/EBM engineering company that is focused on providing service-oriented and cost-conscious construction. In 2016, LFA merged with Burnett + Young Shoring Engineers, the premier shoring design firm in the Greater Los Angeles area. In 2018, LFA started its Civil Engineering division and is experienced in both New Design and Renovations & Seismic Retrofits. With over 80 engineers on staff, the company has the ability to deliver projects of any size. Commercial projects of LFA include large projects such as the INTUIT Dome and NFL Media Headquarters in Inglewood, and the Lakers and LA Clippers Training Centers in El Segundo and Playa Del Rey. They have also worked on smaller projects such as the Annenberg Petspace in Playa Vista and the Potreron Heights Senior and Community Center in Montebello. For more information about this company, see their website at Labib Funk + Associates.

This company will be appearing at the Board Meeting to give a presentation on an alternative conceptual retrofit plan for repairs to the Library's parking structure. This conceptual retrofit plan consists of reinforcing the concrete slab above and below with less construction and cost, allowing for a quicker turnaround in completion of repairs. Specifically, they propose using fiber reinforced polymer (FRP) on the topside and bottom side of the slab, as well as waterproofing the top slab followed by a three-inch topping of concrete over the FRP. The final retrofit measure would include waterproofing for extra protection on the top deck.

LFA has provided its assessment in three different phases, and Phases 1 and 2 have been completed. Phase 1 covered the investigation phase. This consisted of a site visit for a visual inspection of the damaged concrete slab. The consultants then reviewed existing structural drawings and reports of the building. They then compiled a summary of their findings and potential methods of repair. The cost for Phase 1 was \$3,800.00.

Phase 2 of the assessment involved preparing a materials testing plan to explore the materials existing properties of the exterior walls, slabs, columns, and footings. An assessment of the structure and removal of finishes to expose the structure for non-destructive testing was performed by a sub-contractor. Based on the testing results, they developed a concept retrofit plan. The cost for Phase 2 was \$10,000. The Materials Testing cost was \$22,570.00.

Phase 3 of the assessment will be discussed at the September 24, 2025 board meeting. This Phase will involve providing a design for a new fiber reinforced polymer (FRP) on the bottom and top of the existing slab to retrofit the existing slab. The contract work includes preparing construction documents to develop initial design parameters with a Project Architect. Other drawings and plans will be produced to facilitate the permitting process. This will then be followed by the construction administration process to manage the actual project. The cost of proceeding with Phase 3 is quoted at \$25,000.

Page 3

LALAWLIBRARY

The cost for all three Phases are summarized below:

Phase I - \$3,800 Phase 2- \$10,000 Material testing - \$22,570.00 Phase 3 - \$25,00.00

Total - \$61,370.00

#### **SUMMARY:**

The estimated amount originally budgeted in 2023/2024 for professional services was \$60,000, and moving forward with Phase 3 is \$1,370.00 over that budget estimate. However, the method recommended, compared to the proposal for an external support system, is expected to be far less costly at the construction phase. In addition, the method recommended is expected to allow for a guicker turnaround in completion of repairs.

As Phase 3 will need to be completed before Labib Funk+ Associates can provide the Board with an estimated cost for repairs using the new fiber reinforced polymer design, Staff is making no recommendations to the Board at this time. The presentation at the September 24, 2025 meeting is to provide the Board with another option for repairs to the parking structure. Upon completion of Phase 3, staff will later present both options to the Board at a subsequent meeting for a vote on what method to pursue to bring the parking structure back into operation.
